

## Odor Elimination

**Nok-Out®** Odor Eliminator is a cutting edge environmental science technology. **Nok-Out®** is not a fragrance based odor spray. It does not mask odors or produce noxious fragrances or scents. It does not produce Volatile Organic Compounds (VOC's) nor will it leave a toxic film or residue. It simply eliminates the odor. **Nok-Out®** surfactant can break down biological contamination treating the source of the odor. It is ideal for using around people or animals with allergies or with immune deficiencies, as it does not produce harsh chemical fumes and so mild you can wash your hands in it.

**Nok-Out® is fragrance free, it eliminates odors at the source and it is Environmentally Friendly!**

## Clean and Deodorize

Cleaning is normally done for appearance by removing organic load (dirt, dust, etc.) and for health. Proper cleaning can also protect you and others from harmful organisms that can cause issues to our health, but cleaning with toxic chemicals can produce adverse affects to both your health and the indoor environment. Cleaning without the impact of harsh chemicals that introduce toxic fumes into your indoor environment is very important. "Cleaning for health" is applicable for where we live, eat, work, go to school, health care and all public facilities. Living in a healthy environment should be important enough to all of us that we choose the products that enable us to reach that goal and maintain it!

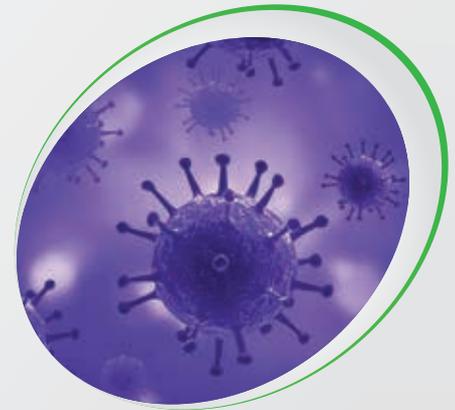

**Nok-Out®** is ideal for multiple applications:

- Non-Corrosive
- Non-Flammable
- Non-chlorinating
- Phosphate free
- Hypo-allergenic

**Nok-Out®** is versatile in many areas because it is non-abrasive! Spray or mist on sofas, chairs, carpets, bedding and more. Use in the kitchen to clean messes and remove odors from counter tops, microwaves, garbage cans, and refrigerators / freezers. Use to clean bathrooms and remove odors from toilets, bathtubs and sinks.

**Nok-Out®** all your Odors:

- Environmentally Friendly Biodegradable

Great on both hard and porous surfaces (must contact odor source), Powerful odor elimination, **Nok-Out®** delivers the odor elimination power you need yet mild enough to wash your hands with it. The Ideal Deodorizer with amazing versatility!

### Nok-Out® odor removal is effective against the most powerful odors, even cat urine!

Use Nok-Out® to remove odors associated with animals. Spray and clean litter boxes, kennels, birdcages, reptile housing, and any pet area. Use Nok-Out® to safely clean and deodorize chicken coops, cow / horse stalls, and barns. Nok-Out® is non-corrosive, non-flammable and will not harm the animals, rather will promote healthier living spaces for the animals and thus healthier animals. Nok-Out® has the power of an industrial strength odor eliminator with the aspect of GREEN RESPONSIBILITY!!

*Nok-Out® is Safe, Non-Toxic and Environmentally Friendly*

## Remove Smoke Odor

Use **Nok-Out®** in a electric sprayer for maximum effectiveness against smoke odor in homes, cars, RV's, and more. Spray all exposed surfaces thoroughly and wipe all surfaces clean of residual nicotine / tar and re-treat all surfaces thoroughly. (If odor is really strong an additional spraying application may be necessary).

**Nok-Out®** all your Odors:

- Cigarette
- Skunk
- Pet
- Garbage
- Dirty Diapers
- Chemical

**Nok-Out®** will not harm wood, granite or stone, porcelain, stainless steel, or acrylic. Neither will it stain or discolor most fabrics.

*\*\*Note\*\* Always check for color fastness on fabrics prior to treatment. Testing an inconspicuous area for color fastness is always recommended (especially if other products have been used prior to **Nok-Out®**)*
