# SNIPER

Disinfection Technology

## The Ideal Biocide for Veterinary Disinfection and Pet Usage

Uniquely Designed to Target Pathogens  
The Future of Intelligent Disinfection Technology

# Veterinary Disinfection and Pet Usage

## Disinfection

**SNiPER®** is tested effective as a bactericide, virucide, and the Ideal Biocide for veterinary clinics, pet housing / grooming businesses, animal breeders, and all animal owners. Its proprietary formulation makes it a unique disinfection system targeting the most harmful virus and bacteria while remaining mild and eco-friendly. **SNiPER®** has the highest efficacy and is so easy to use. It does not produce harmful byproducts, residues or VOC's. **SNiPER®** is a **Parvocide hospital disinfectant** cleaner able to fulfill many responsibilities in one product.

**Nok-Out® odor removal is effective against the most powerful odors, even skunk odor and cat urine!**

## Deodorize

- All-purpose, multi-surface cleaner
- Broad spectrum Hospital disinfectant and biocide
- Superior odor eliminator

For deodorization use **SNiPER®** disinfectant or **Nok-Out®** Odor Eliminator! They do not mask odors or produce noxious fragrances or scents. They simply eliminate the odor. They break down biological contamination treating the source of the odor. It is ideal for using around people or animals with allergies or with immune deficiencies as it will not produce volatile organic compounds.

**Nok-Out®** odor removal is effective against the most powerful odors, even skunk odor and cat urine!!

Use **Nok-Out®** to remove odors associated with animals. Spray and clean litter boxes, kennels, birdcages, reptile housing, and any pet area. Use **SNiPER®** to clean, disinfect, and deodorize chicken coops, cow / horse stalls, and barns. Both products are non-corrosive, non-flammable and will promote healthier living spaces for animals. **SNiPER®** has the power of an industrial strength disinfectant and odor eliminator with the aspect of **GREEN RESPONSIBILITY!**

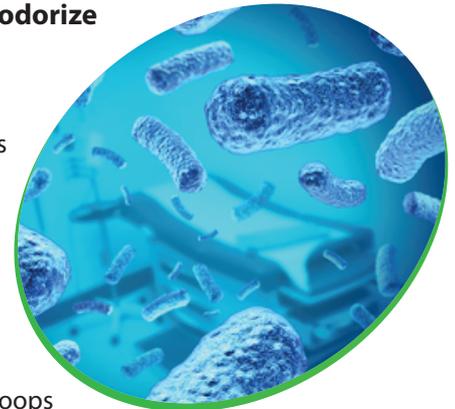

**SNiPER® and Nok-Out® are ideal for multiple applications:**

- Non-Corrosive
- Non-Flammable
- Non-chlorinating
- Phosphate free
- Hypo-allergenic

**Kill harmful bacteria and viruses including the Canine Parvo virus with SNiPER®!**

**Clean, Disinfect, and Deodorize**

- Animal housing
- Veterinary offices
- Veterinary Hospitals
- Kennels
